

# 1-1/2" Commercial Beginner's Kit

Beginner's Kit features a 1-1/2" log Tenon cutter, 1-1/2" forester bit and 20 log furniture plan booklet to help you build your own DIY log furniture. Our Commercial Tenon cutters are ergonomically designed and feature a 60° Tapered Shoulder profile (like the type of a pencil) that is very common traditional rustic furniture. The tools are Safe, Fast & Easy to Use to use and the Tenon cutter Works Like a Giant Pencil Sharpener. Build your own log beds, log railings, log fences, log tables, log chairs, log arbors, log benches & more! A 1/2" heavy duty drill is recommended for use (Specs: Pipe handle drill, single-speed, 450 RPM's or less). Tenon cutters are backed by Lumberjack Tools Lifetime . Commercial Tenon Cutters are die cast from automotive grade aluminum and feature dual blade technology to cut tendons quickly and efficiently. Kit Includes: (1) 1-1/2" Commercial Tenon Cutter, (1) 1-1/2" Forester Bit, (1) Set of Blades (Includes (2) blades, (2) shims, (4) button screws, (1) Allen wrench), (1) Log Furniture Plan Booklet with 20 plans, (1) Manual.
