This is the original instruction, Please read all manual instructions carefully before operating. VEVOR reserves clear interpretation of our user manual. The appearance of the product shall be subject to the product you received. Please forgive us that we won't inform you again if there is any technology or software updates on our product.

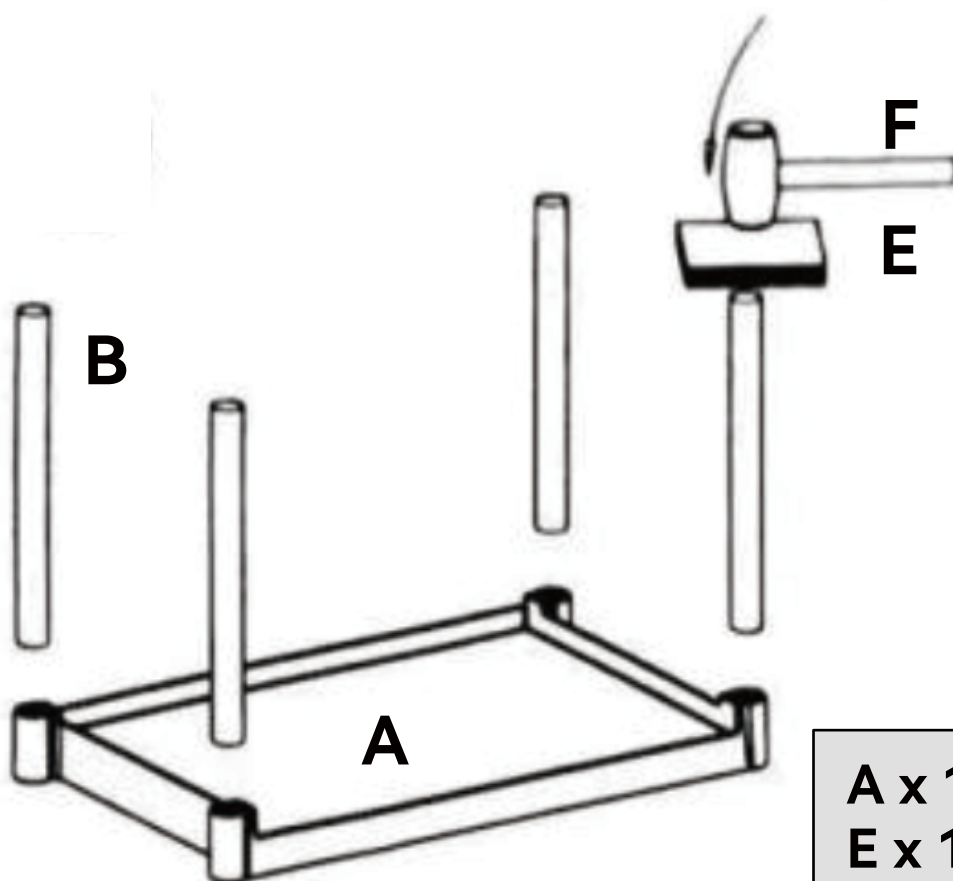

ASSEMBLY INSTRUCTION			
Label	Picture	Description	QTY
A		Pallets	3
B		Upright post	8
C		Handle	2
D		Wheels	4
E		Backing Plate	1
F		Assembly Hammer	1

Product accessories: three pallets, eight columns with a diameter of 42mm inserted in stainless steel, two left and right handles, one backing plate, one assembly hammer, four wheels (two orientations, two steering with brakes), and a manual.

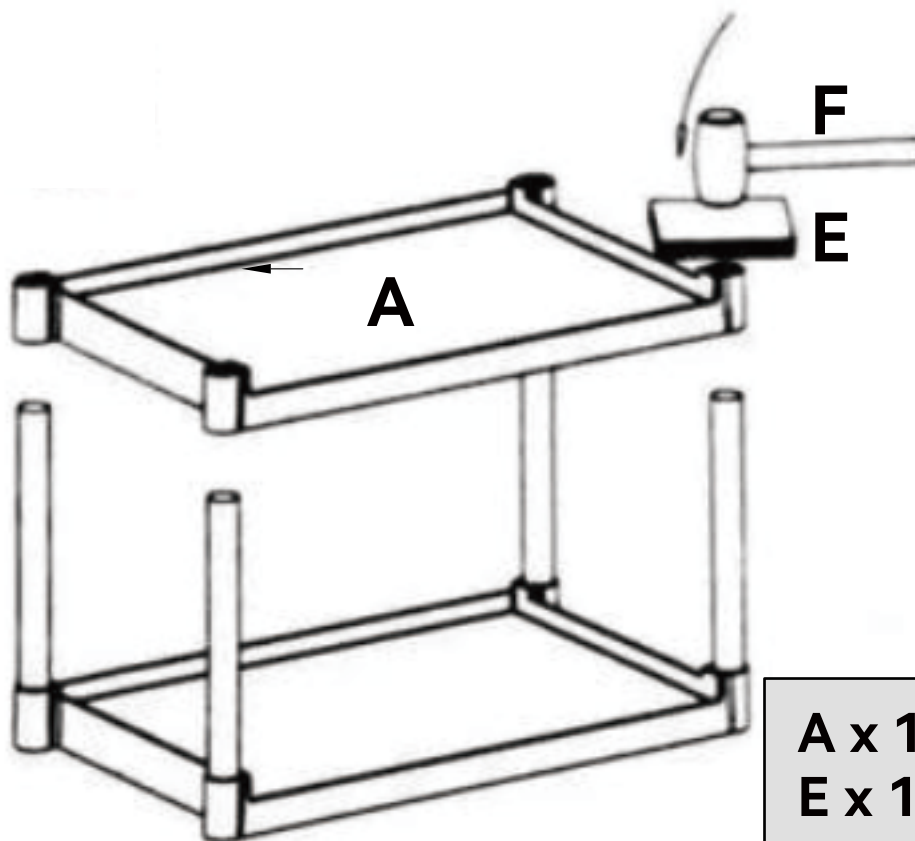

This product is made of pp environmental friendly material by hot injection molding. It is divided into three layers of pallets, two handles on the left and right, four wheels, two orientations and two turns. It can be used indoors and outdoors with flexible driving and strong durability. It can be used to transport tableware, flowerpots, tools and other household and commercial items, and can be used in kitchens, restaurants and gardens.

Precautions: 1. During the assembly process, the size of each end of the inserted stainless steel pipe into the tray is about 1.18 inches. If the inserted part is too small, the assembly will be unstable, which is easy to damage the product itself and personal injury.
2.As this product is made of pp plastic, please keep away from high temperature and open fire, and do not use high temperature and open fire to directly contact this product
