## Product Unpacking Instructions

**Product Unpacking Instructions:**

1. Due to the long distance of transportation, the heat shrinkable film of the inner packaging may be damaged, but this situation does not affect the use of the product.
- 2.This product is glued with rubber + EVA. It may smell because it was in a closed environment during transportation, but this smell will not affect your health or an animal's health. The odor can be dissipated in a ventilated and cool environment for 48 hours without affecting the use.
3. This product is glued with rubber + EVA, and there will be partial pressure deformation during transportation. This deformation will not affect assembly and use.

## Product Introduction

The surface of this product is made of rubber, and the bottom is made of EVA.

Product size: 24 × 24 inch (about 609.6 x 609.6 mm), product thickness: 1.4 cm.  
weight : 1.1Kg/PCS

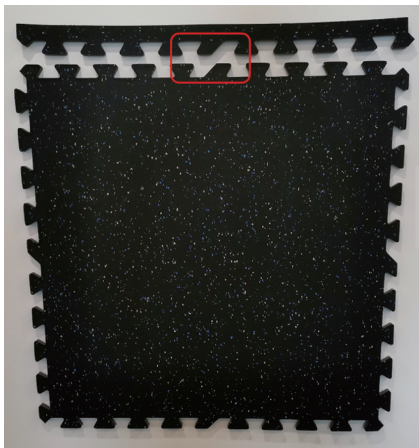

## Packing

Floor area	24 Sq.Ft. (≈ 2.2 m²)	48 Sq.Ft. (≈ 4.5 m²)	100 Sq.Ft. (≈ 9.3 m²)
Package dimensions	65X10X65cm	65X19X65cm	65X37X65cm
Net weight	6.64kg	13.32kg	27.42kg
Packing weight	7.44kg	14.26kg	28.56kg

# Installation Instructions

## Product Installation Instructions:

1. There is a wedge-shaped buckle in the middle of the four sides of the rubber interlocking pad, which is used to indicate the direction. Please install it in the direction of the wedge-shaped buckle when assembling.

2. After the two interlocking rubber pads or the interlocking rubber pads and the buckle of the edge strip overlap and fit, use a rubber hammer or a wooden hammer to tap and press tightly.

## Precautions

1. To avoid smashing the product or the original floor, do not use hard and heavy installation tools such as hammers.
2. The installer should be an adult or a professional installer.

3. After installation, windows should be opened in the room for proper ventilation.
4. This product can only be used indoors, please do not use it outdoors or around the swimming pool.
5. When cleaning this product, use a damp cloth to wipe it, and avoid direct water washing or cleaning with strong acid, strong alkali, and other cleaning agents.
6. This product cannot be consumed and should be kept out of reach from children and pets.
7. This product cannot be installed after gluing on the back.
8. If the product falls or an object falls on the surface of this product after use, there may be a risk of damage. Additionally, the hit surface by this product will also be at risk of damage. Try to avoid these damages.
9. Those who are allergic to rubber and EVA products should avoid using it.
10. Avoid tearing and separating the rubber and EVA layers in any way.
11. Keep this product away from fire sources, heat sources, power sources, or any inflammable and explosive materials to avoid fire.
