INSTRUCTIONS FOR TOOL CABINET ASSEMBLY

We continue to be committed to provide you tools with competitive price.

"Save Half", "Half Price" or any other similar expressions used by us only represents an estimate of savings you might benefit from buying certain tools with us compared to the major top brands and does not necessarily mean to cover all categories of tools offered by us. You are kindly reminded to verify carefully when you are placing an order with us if you are actually saving half in comparison with the top major brands.

---	------------	--	---

Part	Description		Qty
8	Bottom		1
9	Top cover		1
10	Shelf clip		8
11	shelf		4
12	Left door		1
13	Right door		1
14	Door stop		4

ADDITIONAL TOOLS REQUIRED:

1. Phillips Head Screwdriver.
2. Rubber Mallet (or hammer with soft covering).

SAFETY TIPS:

1. Please handle metal edges carefully.
2. Prepare a soft, level surface on ground level before commencing assembly.
3. Once assembled, maximum safe load limit per shelf is 200 lb, evenly distributed.
4. Always fill shelves from the bottom up, to help prevent any toppling issues.
5. Tighten the cabinet to the wall by using screw when finishing assembly

MAINTENANCE:

To clean and maintain your unit, we recommend periodic cleaning using a soft

cloth and gentle natural cleaner.
